# Letter from the President

For over two decades, we at Stanbridge University have been working to provide quality education that bridges the gap between where people are and where they dream to be. As we rise to meet new challenges, we are reminded that it is our student body, beautifully diverse and unflinchingly bold, that makes our institution strong. Their stories, strengths and tenacity breathe life into our philosophy: that every person has the potential to soar, and when given the right tools, can learn to believe not only in themselves, but in others. This personal metamorphosis is what changes the world for the better, and we as educators are thrilled and honored to be a part of it.

Yasith Weerasurya | President & CEO

Stanbridge Graduates at Commencement

# CERTIFICATE PROGRAM IN VOCATIONAL NURSE

As the rest of the world raises the bar of excellence, Stanbridge University steps up to the challenge of staying one of America's Best Technical Colleges.<sup>1</sup> Our facilities are equipped with digital cloud connected classrooms and labs with real-world technology and our nurse educators are some of the best in the county. Students are also encouraged to engage their community using the skills and knowledge they learn at Stanbridge, through service initiatives. We believe that providing the local community with healthcare services brings concepts learned in-class to the forefront of reality, helping students to feel more prepared with actual experience in their chosen field and helping our community at the same time.

This holistic, hands-on approach to nursing education gives our students a chance to build confidence in their skills as they work through the program and become increasingly connected to their future careers as nurses. We partner with outstanding clinical facilities to foster a strong clinical learning environment for our students. Stanbridge is passionate about readying nursing students for excellence in their field. By striving to graduate the highest quality of nurses, we enrich the quality of care that is needed in this field—comforting, caring for, and aiding in someone's physical health and well-being—which, in turn, helps our students to achieve their professional and personal goals.

## Program Highlights

- Full-time and part-time schedules available
- 98.3% NCLEX-PN exam pass rate in 2018<sup>2</sup>
- Financial aid available to those who qualify
- Approved Program, BVNPT

## ASSOCIATE OF SCIENCE IN NURSING

At Stanbridge, we understand that it takes a special combination of skill and compassion to be a nurse. The Associate of Science in Nursing program at Stanbridge University prepares students to enter a fast-paced profession, confident to think critically, solve problems, and ultimately, help those in need. Students get the chance to learn in multiple simulations labs with healthcare training technology. The outstanding faculty are passionate about and eager to guide them through nursing fundamentals and advanced practices. Our program builds on students' innate, extraordinary talents and adds adaptable and current medical and healthcare knowledge, helping them to progress easily and quickly toward becoming successful licensed professionals.

### Program Highlights

- 100% NCLEX-RN exam pass rate in 2017/2018<sup>1</sup>
- Hands-on training in the Simulation Lab and Nursing Skills Labs
- Hands-on training in the Synthetic Human Cadaver Lab
- Transition pathways to the Stanbridge BSN and MSN online degree programs
- Financial aid available to those who qualify
- Approved program, BRN

# MASTER OF SCIENCE IN NURSING

The Master of Science in Nursing (MSN) degree program builds on concepts conquered in BSN programs, presenting nursing professionals the opportunity of a whole new caliber of career possibilities. A MSN prepares registered nurses for higher paying positions in clinical roles, upper management, administrative positions, health policy, or even roles in a research or education setting. With full online availability on a custom intuitive learning system, the MSN is a perfect fit for ambitious working nurses who are interested in enhancing their careers and advancing their education.

## Program Highlights

- 100% online program on the exclusive, award-winning learning platform, Edverum™
- One-on-one guidance to help you meet your academic goals
- Emphasis on exemplary writing skills to aid in academic success and career growth
- Financial aid available to those who qualify

## ASSOCIATE OF OCCUPATIONAL SCIENCE IN OCCUPATIONAL THERAPY ASSISTANT

The Occupational Therapy Assistant (OTA) program teaches students to help those with physical limitations maximize their independence and live life more fully. Students of the OTA program are educated and trained with environment adaptation and therapeutic treatment in our Therapy Skills Labs. These labs are outfitted with real-world technology and equipment. We believe a learning environment that mirrors those of actual career scenarios can build better skills and confidence in our students. With these resources, students can gain the knowledge and expertise that is needed to succeed in this competitive industry, and ultimately help those in need more effectively. They can give students the knowledge and expertise that is needed to succeed in this competitive industry, and ultimately help those in need more effectively.

### Program Highlights

- 90% NBCOT-COTA exam pass rate in 2018<sup>1</sup>
- Hands-on learning in Therapy Skills Labs
- Financial aid available to those who qualify

# MASTER OF SCIENCE IN OCCUPATIONAL THERAPY

The Master of Science in Occupational Therapy (MSOT) program is specifically designed as an entry-level program that comprehensively creates a foundation in evidence-based clinical reasoning, utilizes interdisciplinary academic opportunities to further instill a solid education, and focuses on creating first-hand experiences with rehabilitation technology. Students learn to help clients at any stage of life, improve their clients' everyday activities and accomplish what their clients' love to do most, while getting a leg-up on the competition and creating a broader scope of professional opportunities for their future. With the help of expert faculty, our students learn and practice in professional settings, building confidence to work and grow in a dynamic and fulfilling profession. Our MSOT students get to work in eight on-campus Therapy Labs, giving them experience working in sophisticated home, work, and school simulations, with high-tech tools and creative problem-solving skills they will need to help clients learn to succeed at any task or environment. With a strong focus on communication skills, civic engagement, and career development, our MSOT graduates become in-demand professionals ready to make a real difference in a rewarding occupational therapy career.

## Program Highlights

- 98% NBCOT-OTR exam pass rate in 2018<sup>1</sup>
- Multi-term NBCOT licensure exam preparation
- Hands-on training in eight Therapy Skill labs
- Development of clinical reasoning through simulation
- Financial aid available to those who qualify

<sup>1</sup> Source: NBCOT Pass Rates; <https://secure.nbcot.org/data/schoolstats.aspx>. As viewed on April 8, 2019.

The entry-level occupational therapy master's degree program is accredited by the Accreditation Council for Occupational Therapy Education (ACOTE) of the American Occupational Therapy Association (AOTA), located at 4720 Montgomery Lane, Suite 200, Bethesda, MD 20814-3449. ACOTE's telephone number c/o AOTA is (301) 652-AOTA and its Web address is [www.acoteonline.org](http://www.acoteonline.org). Graduates of the program will be eligible to sit for the national certification examination for the occupational therapist administered by the National Board for Certification in Occupational Therapy (NBCOT). After successful completion of this exam, the individual will be an Occupational Therapist, Registered (OTR). In addition, most states require licensure in order to practice; however, state licenses are usually based on the results of the NBCOT Certification Examination. Note that a felony conviction may affect a graduate's ability to sit for the NBCOT certification examination or attain state licensure.

Practicing Movement Analysis

# ASSOCIATE OF SCIENCE IN PHYSICAL THERAPIST ASSISTANT

The Associate of Science in Physical Therapist Assistance (PTA) degree program focuses on educating students to become successful and necessary physical therapy assistants to aid physical therapy practices in transforming injury and limitation into maximum physical potential. With eight Therapy Skills Labs, outfitted with real world technology and equipment, help provide students with a holistic, hands-on approach to their learning. For those with a passion for understanding rehabilitation of the body and restoration of confidence within the human body, Stanbridge's PTA program helps channel this passion and drive into skillful expertise in a rewarding field.

## Program Highlights

- 97.3% NPTAE exam pass rate in 2018<sup>1</sup>
- Hands-on training in the Synthetic Human Cadaver Lab
- Access to eight Therapy Skills Labs
- Financial aid available to those who qualify

“Oliver” - Stanbridge University Mascot

**T**he Stanbridge University mascot is the owl. Throughout history the owl has been a symbol of wisdom and prudence because it has an uncanny ability to see, hear and understand. Owls also have represented prosperity, illustrating how wisdom provides great rewards. As you move forward on your educational path and on to your future goals, remember the owl. Take time to observe the people and environment around you. Open your eyes to new possibilities and viewpoints. Use your knowledge to help your fellow human beings. By embracing these values you will achieve success.

## VETERINARY TECHNOLOGY, ASSOCIATE OF SCIENCE DEGREE

The Associate of Science in Veterinary Technology (VT) is a focused degree program that centers around assisting a veterinarian, caring for the animals, being the liaison between the veterinarian and the the animal's human family, and the foundations of veterinary medicine.

The bond between humans and animals has been a loving and innate energy for centuries. In our contemporary culture, animals of all sizes have become an important part of families, schools, communities, and relationships, and their health and well-being is just as important as their human counterparts. At Stanbridge, we are passionate about humane treatment of all living creatures in need and strive to instill this in each one of our Vet Tech students.

With an acute awareness of the growing advancements in veterinary medicine, we ensure our Vet Tech students are immersed in quality instruction and thorough, hands-on training with live animals, simulated animals and virtual reality animals, to support the diverse skillsets needed for their future profession. Students bring classroom concepts to life in our Veterinary Surgical Teaching Clinics and while they learn with licensed veterinarians and veterinary technicians in real animal shelters. Our goal is to help create animal care providers of the future, whose genuine compassion is matched by their skills, critical thinking, and determination to improve the lives of all living beings around them.

### Program Highlights

- AVMA accredited program
- Hands-on learning in the fully-functional Veterinary Surgical Teaching Clinics
- Clinical instruction and training with live animals
- Financial aid available to those who qualify

The Associate of Science in Veterinary Technology degree program is accredited by the American Veterinary Medical Association (AVMA) Committee on Veterinary Technician Education and Activities (CVTEA) (1931 North Meacham Road, Suite 100, Schaumburg, IL 60173-4360; phone; 800.248.2862; [www.avma.org](http://www.avma.org)). The Associate of Science in Veterinary Technology degree has been approved by the Accrediting Commission of Career Schools and Colleges, ACCSC.

Learning with Live Animals in the Veterinary Clinical Lab

Practicing Skills in the Surgical Prep Suite

## Veterinary Technician National Examination Licensure

The Veterinary Technician National Examination (VTNE) is one of the final milestones required for all veterinary technician students to pass in order to become a Registered Veterinary Technician in the United States. Created by the American Association of Veterinary State Boards, the VTNE is focused on testing the student's skills and knowledge of animal care and their ability to make decisions in various scenarios under critical conditions. The VTNE test requires that students understand the basic principles of veterinary care and apply this to different elements of animal safety management.

## Veterinary Technology Courses<sup>1</sup>

With a solid scientific foundation, the Associate of Science in Veterinary Technology degree program prepares students to be advocates for their patients. Courses including Anatomy and Physiology of Animals, Veterinary Microbiology, Parasitology and Pharmacology immerse students in the mechanics of animal biology. Diagnostic Imaging, Veterinary Anesthesia and Analgesia, and Surgical Nursing and Dentistry give them everyday tools for care. Learning how to care for small, large, and exotic animals ensures students are prepared for every type of paw, hoof, or wing they encounter.

Veterinary Technology students are also given consistent, hands-on training in Veterinary Clinical Procedures. Working with live animals, both in the Surgical Teaching Clinics and off-site at partner hospitals and rescues, puts theory to practice and allows students to learn how real animals communicate their needs. With comprehensive review at the end of each term, students are prepared for their career, the demands of a dynamic industry, and more importantly, the chance to make a difference for their community.

<sup>1</sup> The Associate of Science in Veterinary Technology degree program is accredited by the American Veterinary Medical Association (AVMA) Committee on Veterinary Technician Education and Activities (CVTEA) (1931 North Meacham Road, Suite 100, Schaumburg, IL 60173-4360; phone: 800.248.2862; www.avma.org). The Associate of Science in Veterinary Technology degree has been approved by the Accrediting Commission of Career Schools and Colleges, ACCSC.

# Awards & Recognitions

## Committed to Service, Excellence, and Integrity

Stanbridge University strives to lead by example, not only for students but for the healthcare industry, and the greater community as well. Whether we are partnering with a local organization to serve meals to the homeless, helping disabled children adapt to their environments better, or striving to offer the best of industry technologies and standards to our students, we believe, as a leading educational institution in healthcare, that we should do everything to the best of our ability. We expect dedication, integrity, and compassion from our student body, and we must also demand those qualities for our institution. We are proud to be recognized for providing high quality education and making a positive contribution to our local and global community.

# Financial Aid

## Making College More Affordable

Furthering your education is both a commitment and an investment. A diploma or degree will open doors to greater career opportunities and increase your earning potential. We understand that funding this investment can feel overwhelming, which is why Stanbridge University has a Financial Aid team that will walk you through your options and help you decide on the best financial aid package.

Our Financial Aid team is there to support you as you fill out your Free Application for Federal Student Aid (FAFSA) and plan your personal financial aid package. Stanbridge University has the following financial aid programs available to those who qualify.

### **Federal Pell Grant**

The Federal Pell Grant program provides a foundation of financial aid to which additional aid programs may be added. Unlike a loan, Federal Pell Grants do not need to be repaid.

### **Federal Direct Loans**

Federal Direct Loans are low-interest loans available to students enrolled at least half-time. This type of funding must be repaid. The student however does not begin repayment until six months after leaving school.

### **Federal Direct Parent (PLUS) Loans**

PLUS loans enable parents to borrow funding to assist in paying the educational expenses for a dependent student enrolled at least half-time. Within sixty days of the final disbursement of funding parents must begin repayment of these loans.

### **Sallie Mae Loans**

Smart Option student loans are an ideal solution for students who still need funds after they have maximized grants, scholarships, and federal loans.

### **Cal Grants**

Cal Grants are awarded by the California Student Aid Commission (CSAC). Cal Grant A, B and C are awarded based on enrollment status and GPA during the award year. Students must be eligible based on their established income, assets and the results of a current FAFSA. Grants are awarded from the State of California and do not have to be repaid.

# Student Services

## Helping Students Reach their Goals

Stanbridge University is committed to your success in the classroom, on campus, and in the community. Our Student Services team is always ready to assist with your academic advising, tutoring, and general guidance. Stanbridge students also receive a wide variety of on-campus and online resources to help them through exam prep and coursework. This not only helps students feel comfortable with their new environment, but also prepares them to excel in all aspects of their education.

## Student Services Resources

### **New Student Orientation**

From day-one of your education at Stanbridge University, we want to support you in every way possible. During your orientation session, we walk you through every facet of our academic community. We review your program with you, piece by piece, help you create the best schedule for your life and goals, and we go over all of the facilities and resources available to you on-campus and online. We also introduce you to the Student Central online portal where you can have access to your schedule, courses, grades, transcripts, and other information.

### **Academic Advising**

Request one-on-one advising with a Faculty Advisor or Student Services Officer to discuss academic or personal issues at any time.

### **Learning Resource System**

To better serve our students, we developed a comprehensive Learning Resource System that is uniquely effective. It includes the Learning Resource Center, Reading Center, Online Library, and Online Learner. You can use these resources for your coursework, research, study, and exam preparation.

### **Tutoring Services**

Our programs are rigorous and designed to challenge our students. Occasionally, students may need additional help outside of the classroom. Students can receive individual tutoring by their instructors or through the peer tutoring program with upperclassmen and alumni.

# Student Assistance Program

## Confidential Help When You Need it Most

Stanbridge University recognizes that balancing academic excellence and a complicated life outside of school can be stressful. Because nobody should have to deal with a personal crisis without a caring ear or guidance toward a resolution, if desired, we have partnered with The Holman Group to bring students the Student Assistance Program. The Student Assistance Program—a free, comprehensive and fully confidential counseling service that helps students manage or resolve a wide variety of difficult situations—is part of Stanbridge University’s commitment to a student’s well-rounded success, both in academics and personal growth and betterment.

Students are provided free counseling sessions for assistance with:

- Stress & Anxiety
- Depression & Suicide
- Family Conflict
- Fitting In
- Alcohol & Drug Abuse
- Fear of Failure
- Community Referrals
- Day Care Issues
- Healthcare Issues
- Identity Theft
- Financial Issues
- Legal Issues

## Prescription Drug Discount Program

With the soaring costs of prescription medications, health problems can be debilitating both physically and financially. As part of the Student Assistance Program, the prescription drug discount card serves to lessen the financial burden of paying for necessary medications while you focus on keeping a student’s academic and personal life in balance. The program offers discounts of up to 50% for prescription drugs with an average savings of over 20%.

## Additional Services

### Identity Theft Recovery

In the case that a student’s identity is stolen, they can contact the crisis number and a Fraud Resolution Specialist, who will work with them to restore their name and good credit, manage debts incurred after the theft, and follow-up to ensure their identity is recovered and the case resolved.

### Financial Consultation

Financial issues and decisions can cause unnecessary stress and anxiety if they are not handled with care. The program therefore provides students with consultation in:

- Paying for College
- Debt & Poor Credit
- Investment Guidance
- Complex Tax Issues
- Financial Problems
- Retirement Planning

### Legal Services

Each student is entitled to one (1) initial thirty-minute telephonic or face-to-face consultation per separate legal matter at no cost with a network attorney. Many legal matters are eligible for these services, including:

- Civil Issues
- Estate Planning Law
- Document Preparation
- Real Estate
- Bankruptcy
- Mediation Services
- IRS Matters
- Immigration/Naturalization

# Career Services

## Helping Students Transition to a Career

Stanbridge University takes a personal interest in mentoring and encouraging our graduates to meet their career goals. Our Career Services team is committed to the success of our students as working professionals and offers a comprehensive, multi-step, career placement process.

### **Digital Portfolio Builder and Resume Preparation**

Career Services helps guide our job-ready applicants in writing a powerful and creative resume that helps them stand out from the competition.

### **Mock Interview Sessions**

Our Career Services department takes graduates through personality mapping, salary negotiations, role-playing, and other specialized interview techniques that will help them to take control of their job interview.

### **Job Leads**

Graduates receive access to continually updated job listings and career opportunities obtained from a variety of sources, including recruiting organizations and Southern California companies with whom we have built relationships. The leads are posted exclusively on Stanbridge University's Placement Online website.

### **Alumni Association**

The Alumni Association provides alumni with continued access to the college's resources, news and special events while facilitating a dynamic network. Graduates are encouraged to become members of the Alumni Association. Members receive benefits, including extended career services, access to exclusive alumni workshops, social media networking and invitations to complementary professional networking events. Our mission is to foster a lifelong, mutually beneficial relationship between alumni, current students, and Stanbridge University.

## California Campus Compact Community Engagement Fellows

Stanbridge University is a proud partner of the national Campus Compact and regional California Campus Compact coalition to shape a generation of socially conscious leaders. We've mobilized our student body to empower them to address the issues facing our society while enhancing their educational experiences through innovative community partnerships. Whether it's scuba diving therapy for veterans with PTSD or implementing a new patient communication system at major medical and nursing facilities in Orange County, Stanbridge University students are making a difference.

## Jaquelyn DuVall

Ms. DuVall assisted in implementing an interactive inpatient program at Saddleback Memorial Hospital.

## Jeffery Yusam

Mr. Yusam conducted a diabetic foot care program with homeless clients at the Illumination Foundation Recuperative Care Center.

## Patricia Hansen

Ms. Hansen assisted survivors of brain injuries at the High Hopes Head Injury Program with their rehabilitation.

## Taylor Weigand

Ms. Weigand helped prepare animals for adoption and provided administrative support at OC Animal Care.

## Carloyn Vo

Ms. Vo volunteered at the High Hopes Head Injury Program to provide treatments to students and learn about robot-assisted walking therapy.

## Jasmine Zogas

Ms. Zogas assisted in developing and implementing a therapeutic gardening program for the homeless at the Illumination Foundation Recuperative Care Center.

# Stanbridge University reach

## BY THE NUMBERS

### A Service Learning and Civic Engagement Initiative

Engaging the local and global community is an integral part of our identity: Keeping the needs of others in focus helps shape a connected, compassionate student body and elevates our students to a higher standard of service. The Associate of Science in Veterinary Technology degree has been approved by the Accrediting Commission of Career Schools and Colleges, ACCSC.

The Stanbridge University Vocational Nursing Program is approved by the California Board of Vocational Nursing and Psychiatric Technicians (BVNPT) in Orange County and Los Angeles. The BVNPT is located at 2535 Capitol Oaks Drive Suite 205, Sacramento, CA 95833 and can be reached at (916) 263-7800. Their website is [www.bvnpt.ca.gov](http://www.bvnpt.ca.gov).

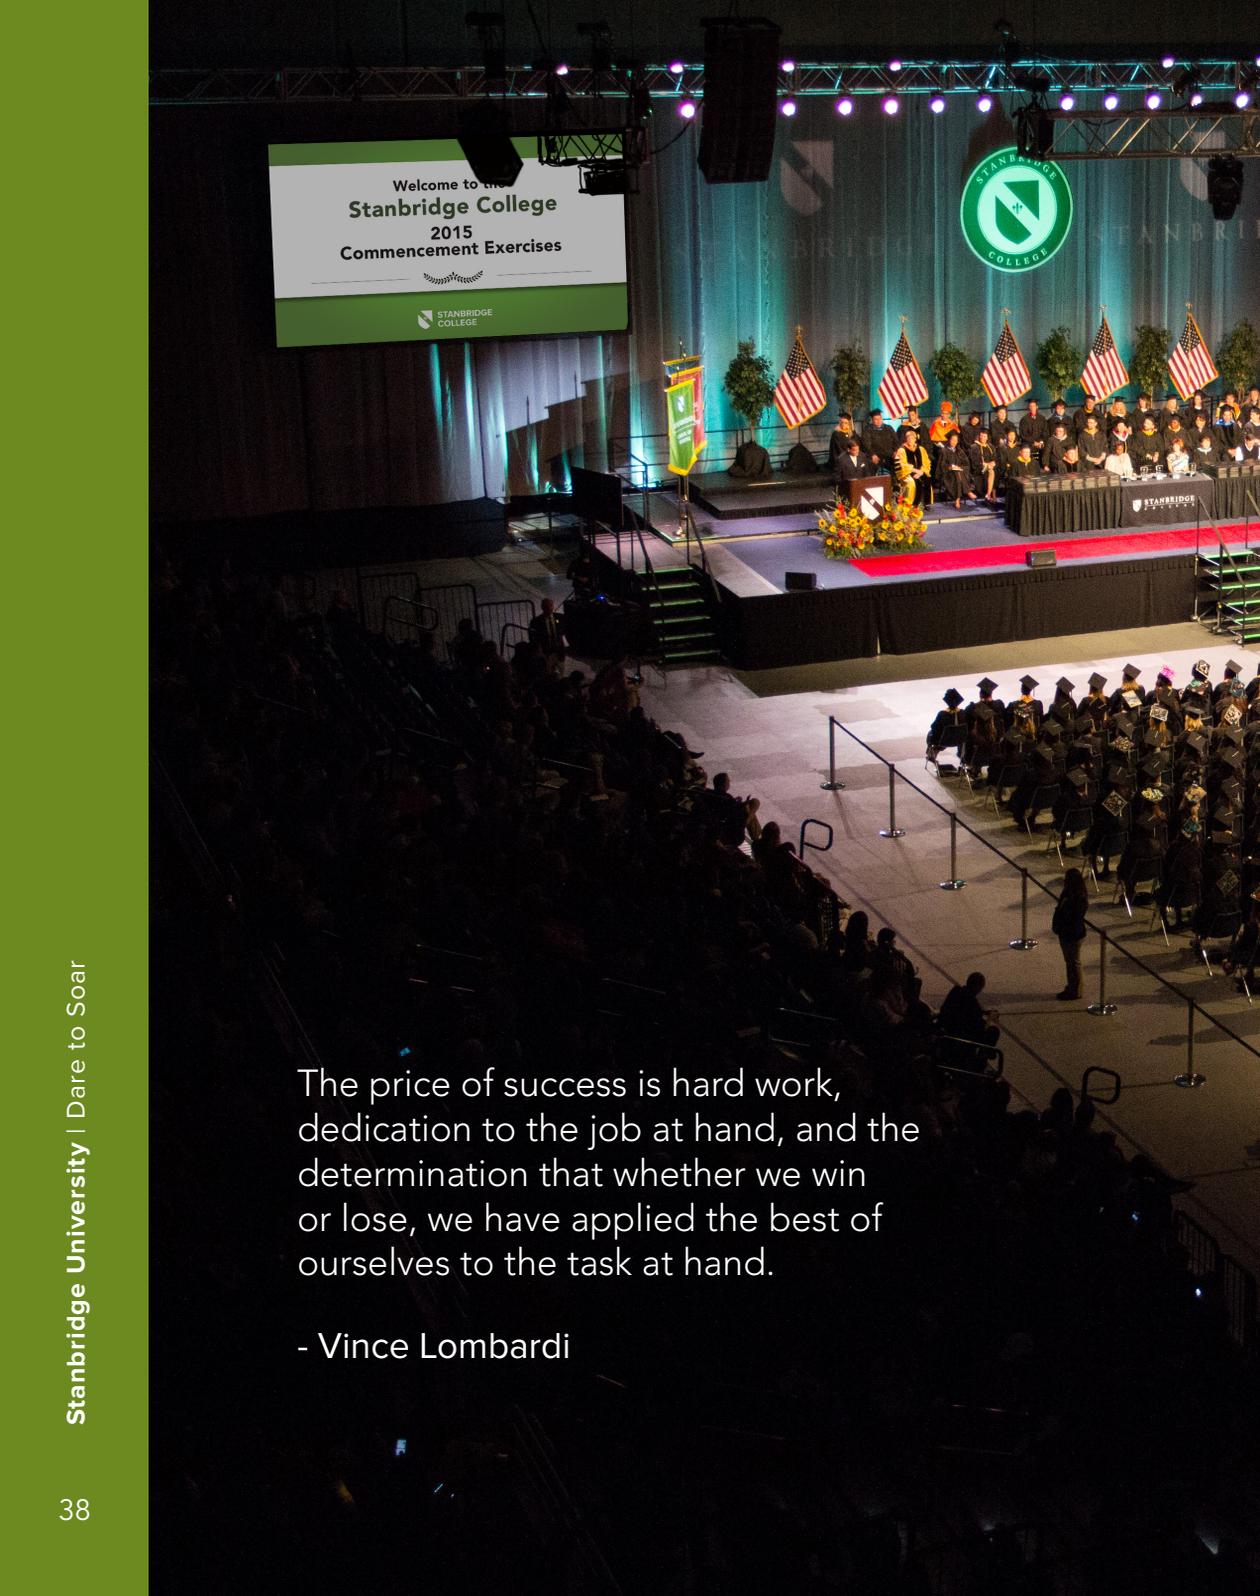

Stanbridge University is approved for veterans education benefits under Title 38 of the GI Bill® in addition to WIOA training benefits from various Workforce Investment Boards including those in Irvine, Westminster, Santa Ana, Anaheim, South Bay and Riverside.

## Transferability of Credits and Credentials

The transferability of credits you earn at Stanbridge University is at the complete discretion of an institution to which you may seek to transfer. Acceptance of the degree you earn is also at the complete discretion of the institution to which you may seek to transfer. If the credits or degree that you earn at this institution are not accepted at the institution to which you seek to transfer, you may be required to repeat some or all of your coursework at that institution. For this reason you should make certain that your attendance at this institution will meet your educational goals. This may include contacting an institution to which you may seek to transfer after attending Stanbridge University to determine if your credits or degree will transfer.

## Disclosures

Links to Stanbridge University Federal Disclosures, State Disclosures, Crime Report, Net Price Calculator and Student Catalog can be found online at [www.stanbridge.edu/disclosures](http://www.stanbridge.edu/disclosures)

2015  
Commencement Exercises

The price of success is hard work,  
dedication to the job at hand, and the  
determination that whether we win  
or lose, we have applied the best of  
ourselves to the task at hand.

- Vince Lombardi
